

SHOWING & HOME INSPECTION BEST PRACTICES FOR BUYERS & SELLERS

PRECAUTIONS FOR BUYERS

Wash or sanitize your hands following each showing or inspection.

Drive your own vehicle to showing and inspection.

Wear booties or shoe covering.

Refrain from touching surfaces unless necessary.

If you are ill, postpone showings. Inspectors can review remotely if you are unable to attend.

Taking precautions to ensure clients in the real estate transaction are protected from illness is a priority for us all.

From our team at Aardvark Home Inspectors, Inc.

PRECAUTIONS FOR SELLERS

Sanitize surfaces following each showing and inspection.

Leave cabinet & room doors open for buyers to browse without touch.

Provide hand soap/sanitizer to visitors upon entry.

Postpone showing or inspection if occupants are ill.

Taking the simple steps above and advising others if you have any illness is the responsible thing to do.
